PUBLIC SIRS FORM QUESTIONS

The following represent the questions framed by the University Committee on Academic Policy, in response to the information that the students indicated was useful to their peers in the selection of courses. The format and accompanying text, defining purpose and stating the expected conditions of administration, will be developed subsequently in conformity with the intent of UCAP. Note that these questions will be presented on a form separate from, and will not replace, the regular SIRS form (University or unit-specific form) in use by the academic unit.

Students will respond by using a scale of 1-5 for each question, with 5 indicating the highest level of agreement and 1 indicating disagreement.
