Effective Start Semester: Fall 2014</p> <p>Reason for Moratorium Request: Geography has undergone a thorough review of its majors, in light of the fact that our major counts are low. It is our goal to make our major more rigorous and more appealing to students and, as a result, enabling them to be better prepared to enter the workforce or graduate school. We believe the changes we are recommending will accomplish these goals. We believe by focusing on the environmental aspects of this new major, it will not only be more attractive to a wide variety of students, but will better train them for careers in the field.</p> <p>Moratorium Extended: Reason for Moratorium Extension: Several students have not finished their requirements under this degree program, and the extension ensures that all remaining students will be able to do so. Hello Joy-

On Friday, I made a request via the Online Forms Menu to extend the moratorium for our old BA and BS programs in Geography into Summer 2016. This was done because we have several remaining students planning to finish in the Spring, and Mike Connelly suggested that we push it out to summer in case someone runs into a problem in the Spring.

After I did that, Steve Kautz contacted me, suggesting I put the actual number of students in the form. As I had already submitted it, I could not go back and do so. Mike C suggested that I just email you with that info, and you could edit that for us if necessary. Currently we have five students planning to finish the BA and one student planning to finish the BS in the Spring of 2016.

Best,

Gary

Fiscal Year (FY) counts are distinct student counts within the Summer, Fall, and Spring terms.
 e.g. FY07=distinct student count within Summer 06, Fall 06, and Spring 07.
 If a student changed majors within the FY, he/she is counted under both majors.
